

COR™ Workshop - *Building Your Occupational Health & Safety Management System*

Why sign up?

The COR™ Workshop concept was initiated to help companies build an effective Occupational Health & Safety Management System (OHSMS) that aligns with the Certificate of Recognition (COR™) requirements. GTSWCA, in partnership with the IHSA is offering this workshop to member firms to assist them in completing and submitting their COR™ Internal Audit.

Registration and Cost

There is a **maximum of 15 participants** for this program. Registration will be on a first-come, first-serve basis.

There will be **no cost** for this program for member companies.

Time Commitment

The program consists of **five, 1-day** workshops to be completed over a 12-week period. **Participants must attend all five sessions.** It is recommended that each firm registering for these Workshops have a substitute person on hand in case the primary lead is unable to attend on one of these dates.

Scheduled Dates

- Wednesday, November 8
- Wednesday, December 6
- Wednesday, January 17
- Tuesday, February 6
- Wednesday, March 7

What will I get out of this program?

The program is a series of interactive workshops where participants work through their OHSMS to meet the requirements to become COR certified. Each workshop is led by an IHSA Health & Safety Consultant and will include instruction from an IHSA COR Auditor. Each participant will be provided with the tools and information necessary to build, revise

or enhance their existing OHSMS. Industry specific policy/program examples, the COR™ Audit Tool and other applicable material will be provided. The participants will complete an action plan at the end of each session and are expected to initiate the action plan before the next workshop.

Requirements Prior to the First Workshop?

1. To register for the workshop, it is recommended the firm first register for COR™.
2. You MUST completed the four mandatory COR™ training programs* before attending the workshop. These include:
 - COR Essentials;
 - Basic Auditing Principles;
 - COR Internal Auditor; and,
 - Introduction to Hazard & Risk Management.

Location of Workshop Training

OSWCA Office, 5045 Orbitor Drive, Unit 12, Suite 300
