MTO Discussion Paper

The Ministry of Transportation has published a [discussion paper](#) on the regional transit plans for the Greater Golden Horseshoe (GGH).

The GGH is expected to have a population of 15 million by 2051. The discussion paper outlines the governments initiatives and concepts to meet its transportation objectives.

The government is seeking feedback from the business community to inform the development of a long-term transportation plan for GGH.

The initiatives outlined in this paper will have a significant impact on our industry, through the Residential and Civil Construction Alliance of Ontario (RCCAO) our association will be providing feedback to MTO.

We encourage all members to provide feedback on the GGH proposal by **August 20, 2021**. Please email any comments to steven.crombie@oswca.org

For any additional questions, please contact Steven Crombie (416-618-9839 or steven.crombie@oswca.org).
